Dear Mr. Juliano Alcântara Noman,

My heart felt heavy as I learned about the fatal accident that occurred to a civil aircraft of Brazilian airlines on last Friday evening. As the news emerged, the casualties were 58 passengers and 4 crew members on board, all found at the crash site in the town of Vinhedo.

With deepest sympathy from the Civil Aviation Authority of Viet Nam, please know we wish to express condolences to the National Civil Aviation Administration, families, and friends of the lost ones.

We also hope for further investigation to soon find out the cause to the accident. 

Yours Sincerely,

Dinh Viet Thang  
Director General
